This addendum is written for the purpose of clarifying and/or modifying the Contract Documents. Acknowledgement of Addenda shall be noted on the exterior of the bid envelope and on page 1 of the Bid Form.

The following changes and/or corrections shall be made to and become part of the project plans and specifications.

The Bid Form and Notice to Bidders have incorrect information. The method of correction will be addressed in this addendum.

1. Bid Form- The Unit Price Table (page 5) did not include a line item for Fence (Removal and Stockpile) as shown in the estimated quantities tables found on the construction plan's cover page. The line has been added to the Unit Price Table in the bid form.
2. Notice To Bidders- Items 4 and 8 were excluded from the original notice to bidders published on March 27th, 2026. The notice to bidders has been updated.

An updated Bid Form and Notice To Bidders reflecting these changes has been uploaded to the Call to Contractors website. A corrected copy of the Unit Price Table is attached to this document as well. In the event a bid is submitted with the original Unit Price Table excluding the missing bid item, the resolution shall be as follows:

Costs associated with Fence (Removal and Stockpile) shall be assumed as incidental to bid item 2b Sediment Removal South.
